

Body Cameras

DrivePro Body 10

Transcend's DrivePro Body 10 is the best companion for police officers, security guards and other professionals. The camera uses a high-sensitivity image sensor, high-quality lens, and automatic infrared illumination that ensure all the important details of actions are clearly recorded. The DrivePro Body 10 also features a built-in battery and excellent water and military-grade shock resistance, making it ideal for indoor and outdoor use.

Clarity in Every Critical Moment

DrivePro Body 10 is equipped with a high-sensitivity image sensor that captures brighter, clearer footage even in low-light environments. Powered by an automatic exposure algorithm, it intelligently adjusts brightness and contrast to deliver accurate, true-to-life visuals of every scene.

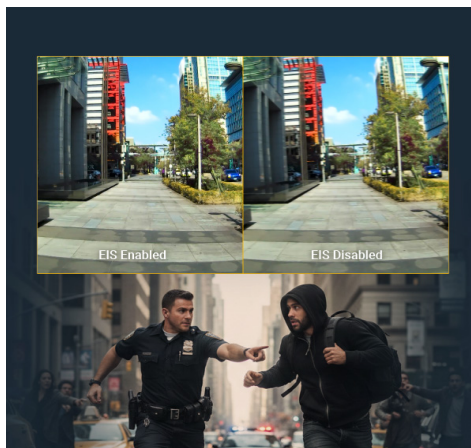

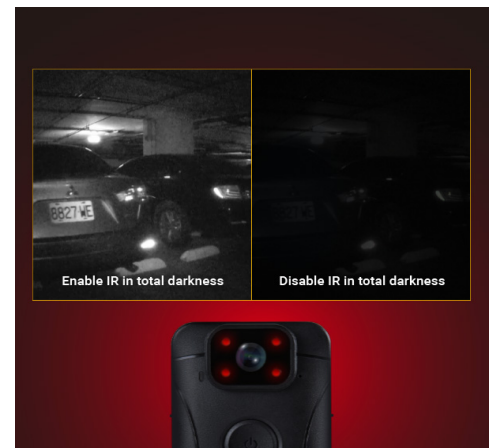

Image Stabilization

Equipped with built-in electronic image stabilization(EIS), the camera keeps your footage steady even during patrols, pursuits, or emergency operations. Capture every critical moment with clarity, giving professionals a reliable record of their missions.

Infrared LEDs for Night Recording

The camera features four infrared LEDs (940nm wavelength) that automatically activate in dim environments to enhance night recording. Even in complete darkness, users can capture clear images, ensuring safety and reliability around the clock.

Note: Footage and snapshots taken with infrared LEDs enabled will be in grayscale.

Body Cameras

DrivePro Body 10

Features

- Handy snapshot to take photos while recording a video
- Loop recording to overwrite old video files with new ones
- Buffering mode captures crucial footage and saves storage space

DrivePro Body Toolbox

DrivePro Body Toolbox allows you to securely manage videos and snapshots, adjust settings, format internal storage, and upgrade firmware.

DrivePro Body App

DrivePro Body App is designed for the DrivePro Body series. Manage camera settings and view recordings from your mobile device.

Specifications

Appearance

Dimensions	88.4 mm x 52.2 mm x 19.6 mm (3.48" x 2.06" x 0.77")
Weight	86 g (3.03 oz)

Interface

USB Type	USB Type-C
Connection Interface	USB 2.0

Storage

Capacity	64GB microSD card included
----------	----------------------------

Hardware

Viewing Angle	130° (diagonal)
Aperture	F/2.8

Power

Battery Life (Max.)	7 hour(s)
Power Supply (Max.)	Input: AC 100V-240V, 50/60Hz, 0.35A Output: DC 5V / 2A

Format

Resolution	Full HD 1080P
Frame Rate	30/60 fps
Video Format	MP4 (H.264)

Warranty

Certificate	CE / UKCA / FCC / ICES / BSMI / KC / EAC / RCM
Warranty	Two-year Limited Warranty

Package

Package Contents	Full unit / microSD memory card / USB Type-C to Type-C cable / 360° rotatable clip / Velcro holder
